SUMMARY OF THE GENERAL TERMS AND CONDITIONS FOR CONGRESSES ORGANISED BY EUROPOINT B.V.

General provisions

- This agreement is deemed to be an integral part of the participation for the event as concluded between the participant and Europoint.
- Deviations from this agreement or the complete or partial exemption from any of the prohibitions or obligations specified in this agreement shall only apply if such deviation or exemption is stated in writing and signed by Europoint, and/or if a supplementary agreement has been entered into.
- Third parties who have not entered into a participation agreement cannot derive any rights from this agreement.

General provisions regarding participation

- The organisers reserve the right to alter the dates, times and site of the event as listed in the conditions of participation or to cancel the event at all times, if this is a consequence of unforeseen/exceptional circumstances which have arisen through no fault of their own, without this giving the participants any right whatsoever to claim compensation from the organisers for any damages, in whatever form or for whatever reason such damages may have arisen.
- Changes in dates, times and site such as referred to above do not give participants the right to completely or partially cancel their applications.
- If the event is cancelled, then the applications shall be regarded as cancelled and any payments made by the participants for participation will be reimbursed, after deduction of expenses already incurred for the organisation of the event up to a maximum of 20% of the total participation costs due. In all cases, the participant is required to reimburse fully all additional costs incurred by the organisers and made at the participant's request in connection with his participation.
- Under no circumstances can a participant claim any right to compensation from Europoint for damages as a result of a decision such as described in paragraph 1 of this article.
- If the event includes both a congress and a trade show, these will be considered two separate events. They can never be regarded as one event. Separate General Terms & Conditions shall apply to each event. Cancellation of one event shall not give the participant any rights regarding the other event.
- If during the congress a trade fair or exhibition is organised, the General Terms & Conditions for Trade Shows apply to the latter. You can apply for these terms at Europoint b.v.
- Europoint reserves the right to ask any additional information from visitors and participants.
- In the case of cancellation at his own request, the participant is obliged to reimburse any other costs incurred by Europoint. The participant cannot claim compensation for any loss suffered directly or indirectly as a result of the provisions in this article.

Participation

- During the agreed period the participant has the right of access to the space in which the event is held. This right is granted through a participant's badge. The participant's badge is strictly personal.
- Moreover, the participant has the right to receive the congress proceedings, if published, of the relevant event.
- Moreover, the participant has the right to attend any other joint sessions, if organised during the event, such as lunches, coffee and tea breaks, receptions, dinners and trips, unless Europoint has determined that participating in one of the above events is not free of charge. If the participant pays for these additional costs he may also attend these extra sessions.
- The participant has the right of access to the trade show, which may or may not be open to the public, (including a free copy of the exhibition catalogue), provided that this trade show coincides with the event, and is held in the same complex and for the same target group.
- If the participant does not attend the event, he will retain his right to receive the congress proceedings, provided that Europoint has received the full amount due for participation.

Application

- The application to participate in an event must be submitted on an application form which is made available to the participant. If this form is signed by an employee who is not empowered to commit the participant concerned, Europoint will consider this to be the signature of an authorised person and will therefore require the participant to accept any and all consequences arising from this application.
- Filling out, signing and submitting the application form is deemed to be an irrevocable offer by the participant to participate in the event. This offer shall be deemed accepted by Europoint as and when Europoint receives a signed agreement of participation.
- The applicant will receive a written confirmation from Europoint.
- In exceptional cases, the organisers may decide that an application will not be accepted

Payment

- The participation fee is payable in one installment:
 - 100% of the amount for participation within 14 days of the date of the invoice.
 - If the participation agreement is dated less than 14 days before the start of the event, the due amount is payable immediately, or must have been received by the organisers before the first day of the event.
- The participant is liable for all fees payable to Europoint regarding his participation, irrespective whether or not these costs were occasioned by the participant himself or by third parties on his behalf.
- If any amount due to Europoint is not paid on time, the statutory interest will be charged as from the date on which the debt becomes due and payable. Collection costs will be charged to the participant, whereby the out-of-court collection costs are set at 15% of the principal amount.

Cancellation

- An application cannot be withdrawn or altered unilaterally by the participant. If a participant wishes to cancel a previously submitted application, a written request to this effect must be sent to the organisers by registered post. The organisers may grant a request for cancellation of the application as long as the participant has fulfilled payment of the cancellation charges as follows:
 - Euro 50 administrative costs if the application is cancelled more than 10 weeks before the start of the event.
 - 50% of the participation fee if the application is cancelled between 10 weeks and 6 weeks before the start of the event.
 - 100% of the participation fee if the application is cancelled between 6 weeks before the start and the start of the event, or as much of the fee as should be retained in the opinion of the organisers as a just remuneration for costs incurred as a result of cancellation.
- In the case of cancellation, the participant is entitled to send a substitute. A written request to this effect should be sent to the organisers. This substitute must be an employee or official of the same company or organisation of the participant.
- If the participant is unable to participate in the event through unforeseen circumstances that are no fault of his own, Europoint can, at the request of the participant, dissolve the participation agreement, in which case the participant remains liable to pay 25% of the total participation fee, as well as any other costs incurred at his request in respect of his participation by or through the agency of Europoint.

Contingencies

In all cases not provided for in this agreement the decision of Europoint will be final.
